

If the proposed changes are implemented so that the PUBLIC air waves will be in the hands of fewer people (owners) solely for the purpose of increasing profits, THIS COUNTRY WILL BE NOT POORLY SERVED, BUT ILL SERVED. What has happened to the idea of the Greater Good? Has it turned into the Greater Profit? The 1996 Communications Act was a huge mistake and this proposal intends to magnify that error. I view this proposal as UNAmerican and a total sell-out! In your hearts (if you have any left) you know I/we/the general population is/are correct in opposing this abomination. Joe Zondlo, an increasingly unhappy and agitated and motivated VOTER!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
